

# AFT 1493 STANDS WITH LA TEACHERS!

After years of divestment in LA schools, UTLA members and community partners are standing up to ensure that every student receives the quality education they deserve. They seek what every school district in the state should provide: smaller class sizes, more nurses, counselors, psychologists, and librarians; competitive wages; and community schools and support for families.

In solidarity with striking LA teachers, on **Mon. Jan. 14th**, we're asking all AFT 1493 members to wear your AFT t-shirts and take photos with your colleagues and post online!
